## DEVOPS ENGINEER WITH CLOUD EXPERIENCE EXPERIENCE LEVELS: SENIOR AND LEAD

**Locations: Aguascalientes, Guadalajara, Mérida, Mexico City, Monterrey, Querétaro**

### JOB DESCRIPTION

We are looking for DevOps Engineers in Mexico, with AWS, Google, and/or Azure experience, who are looking for a promising career with a rapidly growing, global organization. Working at EPAM means endless opportunities for progression, a supportive work environment, and working on impactful projects for some of the most distinguished brands around the world. We recognize that our people are the source of our success, and we are committed to helping them achieve all their professional aspirations. If you are looking for a place where you can truly thrive, EPAM is the place for you – connect with a recruiter today!

### RESPONSIBILITIES

- Develop automation and processes to enable teams to develop, deploy, manage, configure CI/CD
- Actively participate in high level team activities such as suggesting architecture improvements, recommending process improvements, and conducting tool evaluations
- Help solve business needs with technology by evaluating different technology options and products
- System troubleshooting and problem solving across applications
- Assist QA Automation engineers in technical testing
- Work closely with developers to resolve issues

### REQUIREMENTS

- At least 3 years of related experience on Agile projects
- Well-versed in Software Development Life Cycle, Test Driven Development, Continuous Integration and Continuous Delivery
- Strong experience in the Linux environment and a good understanding of its fundamentals and internals: filesystems, security, networking etc
- Solid understanding and experience working with high availability, high performance, multi-data center systems and hybrid cloud environments
- Knowledge of internet security (PKI, LDAP, RBAC, SSL, HTTPS, TLS, DTLS etc)
- Strong ability to troubleshoot complex issues ranging from system resources to application stack traces
- Good English communication skills (speaking, writing, and reading)

## EXPERIENCE WITH

- Scripting with Bash/Shell/Python
- Version Control Systems such as Git
- Cloud solutions like Amazon Web Services, Google Cloud or Microsoft Azure
- Containerization such as Docker
- Configuration Management tools like Ansible, Chef, Puppet
- Infrastructure as Code and related tools such as Terraform
- Container Orchestration tools such as Kubernetes
- Jenkins Artifactory Plug-In
- Monitoring tools like Grafana, Prometheus

## OUR OFFER

- Career plan and real growth opportunities
- International Mobility Plan within 25+ countries
- Constant training, mentoring, online corporate courses, eLearning and more
- English classes with certified teacher
- Support for employee's initiatives and communities (Algorithms club, toastmasters, agile club and more)
- Flexible work schedule and dress code
- Remote (Home-Office), semi-remote (Hybrid), on-site, working models
- Collaborate in a multicultural environment and share best practices from around the globe
- Hired directly by EPAM & 100% under payroll
- Law benefits (IMSS, INFONAVIT, 30 days December bonus, 25% vacation bonus)
- Major medical expenses insurance Life, Major medical expenses with dental & visual coverage (For the employee and direct family members)
- 13% employee savings fund or capped to the law limit
- Grocery coupons
- 10 vacations days plus 2 floating days
- Official Mexican holidays, plus two extra holidays (December 24 & 31)

## ABOUT EPAM

Since 1993, EPAM Systems, Inc. (NYSE: EPAM) has leveraged its software engineering expertise to become a leading global product development, digital platform engineering, and top digital and product design agency. Through its 'Engineering DNA' and innovative strategy, consulting, and design capabilities, EPAM works in collaboration with its customers to deliver next-gen solutions that turn complex business challenges into real business outcomes. EPAM's global teams serve customers in more than 35 countries across North America, Europe, Asia and Australia. As a recognized market leader in multiple categories among top global independent research agencies, EPAM was one of only four technology companies to appear on Forbes 25 Fastest Growing Public Tech Companies list every year of publication since 2013 and ranked as the top IT services company on Fortune's 100 Fastest-Growing Companies list in 2019 and 2020.
