ME & APAC, Energy**

CONTACT

Jason_Harman@epam.com

Jason Harman is a Senior Vice President (SVP) and Head of the Energy Business in the ME & APAC regions, where he is responsible for building a specialized unit to serve the unique needs of clients and partners in the sector.

Since joining EPAM, Jason has held several senior leadership roles including Co-Head of European Business and Co-Head of Global Business Development, contributing to the company's industry-leading growth. After a major acquisition, he relocated to the Middle East to drive regional expansion, where he established one of EPAM's fastest-growing business units.

With over 25 years in technology consulting and software engineering, Jason has lived and worked internationally across Europe, the U.S. and the Middle East. He is a graduate of King's College London.
