

Victor Dvorkin

HEAD OF GLOBAL DELIVERY, SVP

MR. DVORKIN CO-LEADS EPAM'S GLOBAL DELIVERY ORGANIZATION, DRIVING TRANSFORMATION IN THE COMPANY'S DELIVERY, SOLUTION PRACTICES AND COMPETENCY CENTERS.

Prior to his current role, he was the Head of the North American Business Unit, where he oversaw the operation of EPAM's largest business unit with overall responsibility for the quality of services delivered in the North American region.

Mr. Dvorkin joined EPAM in 1997 and has been instrumental in driving the company's growth in emerging industries, technology and solution practices, helping EPAM to capitalize on the high-caliber Eastern European technical talent to deliver better quality, productivity and cost efficiencies to EPAM clients. Having worked and lived in the United States and Eastern Europe, Mr. Dvorkin has in-depth understanding of global delivery models and brings hands-on technology experience and working knowledge of multiple industries including Travel, Healthcare, Insurance and Oil & Gas.

Mr. Dvorkin holds a Master's degree in Applied Mathematics from the Belarusian National Technical University and a Ph.D. in Information Technology from the International IT Academy in Minsk, Belarus.
