

EPAM + Sitecore: A Winning Combination

Throughout our 13+ year partnership with Sitecore, a leading content management and digital experience platform, we've worked with our customers around the world to design, engineer and optimize user-focused, next-gen digital experiences.

As a Sitecore Platinum Partner, EPAM delivers end-to-end Sitecore solutions across the entire content lifecycle, leveraging Sitecore Experience Platform™, Sitecore Experience Commerce™ and Sitecore Content Hub™ to enable our global customers to stay competitive and engage their target audience.

EPAM's Sitecore Specializations

EXPLORE OUR SITECORE OFFERINGS

Sitecore Salesforce Health Cloud Accelerator: By integrating Salesforce Health Cloud and Sitecore Experience Platform, we provide healthcare organizations with a next-gen patient portal that reduces development costs and accelerates time-to-value.

Sitecore Commerce Connect + SAP Customer Experience: Our customers can leverage this connector to bootstrap an end-to-end, best-of-breed eCommerce and CMS solution faster than ever before.

Headless Commerce Accelerator for Sitecore Experience Commerce: This first-of-its-kind, open source solution fully decouples Sitecore Experience Commerce from the front-end website, allowing our customers to save time, effort and money on Sitecore development while implementing the latest technology trends.

Sitecore Engineering Excellence (EngX) Accelerator: Through our adaptable template with scaffolding that embeds modular architecture, infrastructure automation, cloud provisioning scripts and EngX best practices within a continuous integration environment, our customers gain business value from Sitecore on day-one.
